Custom Big Checks

Need a big check for a presentation?

Typically they are
 18" x 36" or 22" x 44" in size.

Usually big checks are paper mounted on foamcore board, to avoid reflection trouble with flash pictures. We can also laminate with a gloss finish plastic, which allows you to write on them with a dry erase marker and use them over again. When taking pictures of a gloss laminated big check, you will want to tilt the check slightly away from the camera to avoid flash reflections.

Click on the ordering link below to give us the information to put on your big check. We will email you a proof within a few hours, and your check will be *shipped within 24 hours of your approval.

*S/H charges will be applied to your order

Big Check Pricing:

| Check Size | Paper on Foamcore Board | Gloss Laminated |
|------------|-------------------------|-----------------|
| 18" x 36" | \$69 | \$89 |
| 22" x 44" | \$99 | \$129 |
